In 2138, a Dive Massively Multiplayer Online Role-Playing Game (DMMORPG), was about to be closed out even though it became the predominant once before. One of the players, Momonga, who was the god of the game, was waiting for the last moment. However, he didn’t log off even though the scheduled ending time passed, and all of a sudden, he found himself standing on a field. Out of the guild, Momonga found a totally different world he’d never seen before. In the real world, he was just a lonely boy who was an outcast. Now he becomes the ruler of death dominating the world!
